

Summa Centers for Excellence

Location: Akron, Ohio
Size: 126,000 sf
Budget: \$28,000,000
Completion: 2004

Client: Summa Health System

Contact: Thomas Strauss
President and CEO
330.375.3111

Services: Project Management

The role of Project Manager for this important project for Summa Health System needed to identify the developer in a nation-wide search, securing financing, and monitoring design and construction. The facility houses Summa's Cardio/Pulmonary Center, Women's Health and physician offices.

"I would like to take the opportunity to express my sincere appreciation for the work Mark Horton has done over the past several years at Summa Health System. The proficiency and professionalism demonstrated added greatly to the success of the projects you were involved with; whether it was planning, programming or Owner's Representative responsibilities."
